

*"Great Spices are not randomly bought,
they are planned and purchased"*

Imagine how our parents used to do monthly or quarterly grocery plan meticulously and purchase them like a big event at home!! Great food, be it simple or exotic, used to be cooked everyday without fear of any stock getting over in between.

This was so much hassle free and so much sustainable for mother Earth!!

Celebrating the same spirit and bringing you great spices from dedicated farmers across India, we introduce below plans with greater convenience and savings.

Monthly Savers Plan – Curated for small to medium size families

Extra Savers Plan – Curated for larger families.

Super Savers Plan – Curated for quarterly purchases, spice blend preparations, pickle preparations etc.

If you have a different combination in mind, kindly write to us at welisten@gardeniawhispers.com.

We will be glad to consider this.
